# OUR JOURNEY

An aerial photograph of a two-lane road stretching from the top to the bottom of the page. The road is flanked by green grass and trees. Four trucks are visible on the road, spaced out along its length. Each truck has a blue cab and a brown cargo box. The trucks are positioned at approximately one-quarter, one-half, three-quarters, and full of the way down the page.

## EARLY YEARS 2011–2012

In 2011, Mr. Rajender Maheshwari founded the company with a vision to transform two-wheeler transportation. Beginning with a modest fleet, the company quickly partnered with Bajaj Auto Ltd., catering to locations in southern India.

## MODERN ERA 2018–2024

From 2018 to 2023, the company expanded operations into Northern India, implemented Automated Control Tower, and introduced custom vehicles to meet client needs. The fleet grew to over 200+ vehicles, with new partnerships with brands like Royal Enfield and Hero, strengthening its industry leadership.

## GROWTH AND EXPANSION 2013–2017

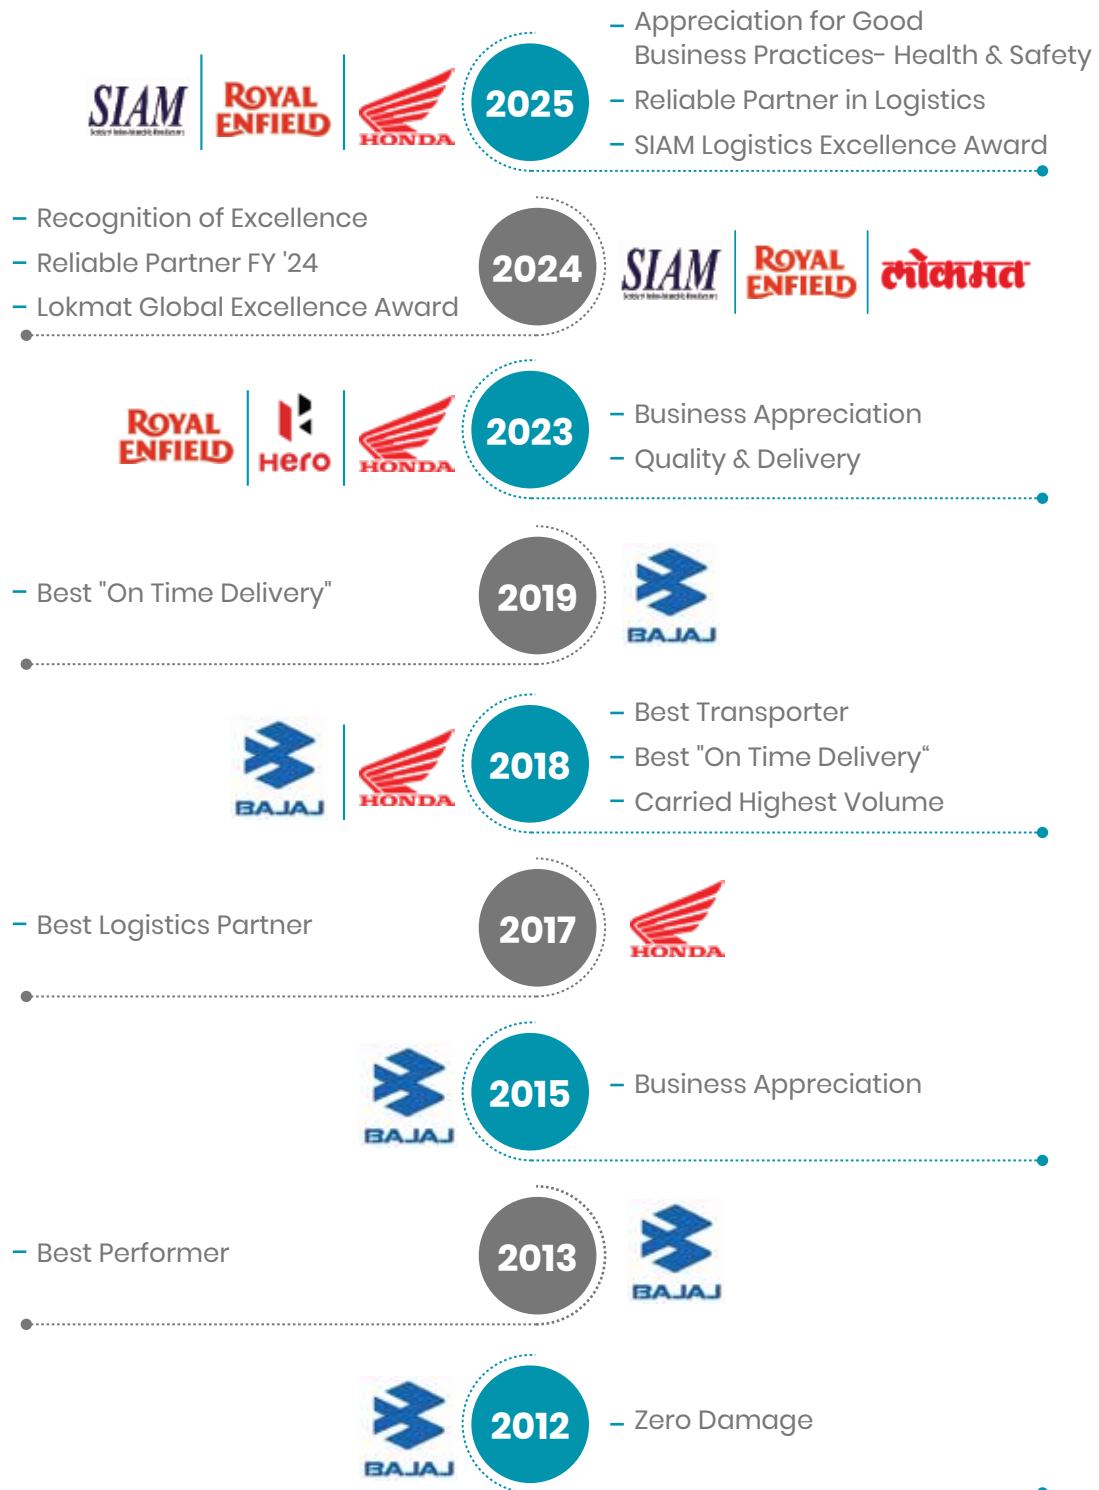

Between 2013 and 2017, the company expanded to eastern and western India, introduced a TMS ERP system, and grew its fleet to over 100+ vehicles with a team of 20+ employees. A strategic partnership with Honda further strengthened its industry presence.

## PRESENT DAY 2025

TransGlobal is a leading transportation company with 50+ employees and 300+ vehicles, serving major two- and three-wheeler OEMs across India. Known for its focus on safety, reliability, and a customer-first approach, it delivers high-quality logistics solutions across India. In 2025, it expanded into 3PL, offering warehousing, inventory management, and distribution.

# RECOGNITIONS & AWARDS

Our accolades over the years, have transformed from "Zero Damage" and "Best Performer" to "Recognition of Excellence" and "Reliable Partner FY '24," highlighting consistent achievements in logistics, delivery, and performance across the years.

# WAREHOUSING THAT WORKS FOR YOU

At TransGlobal, we operate high-performance warehouses that support the everyday demands of modern logistics. With well-planned infrastructure, people-first design and future-ready systems, our facilities are built to simplify operations, improve efficiency and grow alongside your business.

## SMART STORAGE, SEAMLESS MOVEMENT

High vertical clearance and smooth access, our spaces maximise every square foot – ensuring efficient storage and quick retrieval.

## BUILT FOR DAILY OPERATIONS

From integrated office spaces to dedicated docking zones, every layout is planned to support fast, coordinated workflows. Our teams stay aligned and turnaround times stay sharp.

## SAFETY YOU CAN RELY ON

24x7 surveillance, tech integrated patrolling solution, emergency exits and controlled access points ensure that your cargo and your peace of mind are always protected.

## COMFORT WHERE IT COUNTS

Ample truck parking, driver rest zones and utility spaces provide comfort and care for the people powering our logistics on the ground.

## EQUIPPED FOR WHAT'S NEXT

With state-of-the-art material handling equipment, uninterrupted power, high-speed internet, ready compliances and space for future upgrades like solar, our facilities are always ready for scale.

## SAFE WORK CULTURE

Clear processes, trained teams and round-the-clock vigilance make safety an everyday habit, not just a rule. Regular drills, strict compliance and technology-enabled monitoring ensure people, cargo and operations stay protected at all times.

## HI-TECH IT YOU CAN TRUST

An AI-driven, app-based WMS makes inventory effortless, with real-time updates via email and WhatsApp so customers can track, plan, and act faster.
